TRAFFIC ADVISORY

CSO 018 SOUTHWEST PROJECT TO CLOSE LARCH STREET

The City of Lansing Department of Planning and Neighborhood Development announces that on **Tuesday, April 1, 2008, Larch Street will be closed to traffic from Oakland Avenue to Grand River Avenue** to facilitate construction on the Combined Sewer Overflow 018 Southwest (CSO 018 SW) Control Project. In addition, **Larch Street will be restricted to local traffic only between Shiawassee Street and Oakland Avenue.** Motorists are to be advised of northbound lane reductions south of Shiawassee Street.

During this phase of construction all westbound travel lanes through the Oakland Avenue / Larch Street intersection will be maintained. In addition eastbound Grand River Avenue traffic will be shifted north through the Larch Street Intersection while maintaining two-way traffic at all times.

The posted Larch Street detour is east on Shiawassee Street to Pennsylvania Avenue; then north on Pennsylvania Avenue to Grand River Avenue; and west on Grand River Avenue to return to Larch Street.

Lane restrictions and periodic street closings in this area are expected through November. Further traffic updates with respect to the CSO 018 SW project will be provided as appropriate.

Access to businesses adjacent the construction zone will be maintained. Motorists are advised to expect delays and seek alternate routes whenever possible.
