TRAFFIC ADVISORY

SOUTHBOUND TRAFFIC SHIFT **ON NORTH EAST STREET (OLD US-27)**

The City of Lansing Department of Planning and Neighborhood Development announces that the City of Lansing's Combined Sewer Overflow Control Project 013NE has completed the first phase of construction on N. East Street (Old US-27).

In order to accommodate the next phase of work, beginning **Tuesday, May 27, 2008** southbound motorists will be shifted from the west side of N. East Street to the east side of N. East Street.

The CSO 013NE lane restrictions will begin by Banghart Street south of Sheridan Road and continue north to Coleman Road. The intersection of North East Street (Old US-27) and Sheridan Street is scheduled to be closed during this phase of construction.

North and southbound traffic will be reduced to one travel lane in each direction. Motorists are advised to be cautious of construction traffic entering and exiting this area.

Work is expected to continue into November, 2008. Further traffic updates with respect to this project will be provided as appropriate.

Access to adjacent businesses will be maintained. Motorists are advised to expect delays and seek alternate routes whenever possible.
