TRAFFIC ADVISORY

EAST STREET (OLD 27) **TRAFFIC SHIFT**

The City of Lansing Department of Planning and Neighborhood Development announces that on Monday, November 10, 2008 beginning at 9:00 a.m. **the Public Service Department will shift traffic from the west side of East Street (OLD 27) to the east side of East Street** to facilitate final paving and placement of pavement markings. This stage of work will mark the completion of the Combined Sewer Overflow Separation (CSO) 013NE construction on East Street. **The current traffic pattern on East Street of one lane of northbound and southbound traffic will be maintained.**

It is anticipated that East Street will completely reopen to traffic in the early evening on Friday, November 14, 2008. Please note, these dates are weather dependent and may be adjusted if adverse weather is encountered. Should this happen, an amended press release will be provided.

Access to businesses in the construction zone will be maintained during paving operations. Motorists are advised to expect delays and seek alternate routes whenever possible.
