TRAFFIC ADVISORY

WATER SERVICE REPLACEMENTS TO REDUCE TRAVEL LANES ON SAGINAW STREET

The City of Lansing Department of Planning and Neighborhood Development announces that the Board of Water and Light crews will be replacing water service leads on Saginaw Street.

During this water service replacement phase, the work crews will be reducing Saginaw Street up to two lanes in areas between Capitol Avenue and Clemens Street. One eastbound travel lane will be maintained at all times during this project.

These travel lane reductions are estimated to be in place for about two weeks beginning on Monday, November 3, 2008.

Residential and business access will be maintained, but limited, during these construction operations. Motorists are advised to use alternate routes and to expect delays.
